AIRSHIP TO CROSS ATLANTIC OCEAN

Atlantic City, Oct. 11.—Melvin Vaniman, engineer in charge of the proposed Wellman balloon expedition across the Atlantic, said today that the airship American would positively be sent into the air this afternoon or tonight. He said the weather bureau had reported that the prevailing winds for three days at least would carry the balloon directly across the sea in steamers' tracks.

Mr. Vaniman said the start on the three-thousand-mile journey across the Atlantic might be made at once. Provisions for seven men for twenty days are being stowed in the airship.

TAFT'S AUTO STRIKES A CHILD
Salem, Mass., Oct. 11.—Mrs. W. H. Taft was an anxious visitor at the Salem hospital today, where Wilfred A. Crowell, six-year-old son of William A. Crowell of this city, lies suffering from bruises and cuts received yesterday when he was struck by one of the White House automobiles. The hospital authorities assured Mrs. Taft that the little fellow was in no danger. The accident occurred when Mrs. Taft was returning from Boston. The accident was the second in which a White House automobile has figured since the President's family came to Beverly this year.

ANGUS M'KAY AND WIFE ARE INJURED

Thrown Under an Overturned Buggy in a Runaway and Dragged Some Distance—Bones Broken and Internal Injuries Suffered May Prove to Be Fatal.

Angus McKay and wife were the victims of a runaway horse at Huntsville yesterday evening, in which both were seriously injured. While Mrs. McKay will most likely recover, but little hope is entertained for her husband, who sustained internal injuries, together with a broken shoulder bone and other severe wounds.

Mr. and Mrs. McKay were driving home from one of their fields in a buggy hitched to a single horse. At Spring creek the horse was permitted to drink, and in drinking slipped the bridle from its head. Feeling that it was free from restraint, the animal started on a trot for home, the swinging middle frightening the horse into a wild run. The occupants of the buggy were helpless to stop the animal, but clung desperately to their seats, the husband warning his wife to hold on for her life. In crossing a small bridge, the floor of which is slightly above the grade of the road, one of the shafts of the buggy was jerked from its fastening.

After the breaking of the shaft the vehicle swung from one side of the road to the other and finally capsized, both occupants being dragged beneath it for a distance of several rods. Mrs. McKay was not rendered unconscious and crawled from beneath the buggy, feeling that she had been but slightly injured.

As the accident occurred on the main street of the village, help was at hand almost as soon as the buggy was overturned, and eager hands lifted the body of Mr. McKay. The man was unconscious and carried to his home not far distant.

A medical examination of Mr. McKay showed that his shoulder bone had been broken and the arm bone wrenched from the shoulder joint. His scalp was badly cut, two ribs broken and there are evidences of internal injuries.

Mr. McKay is 71 years of age, and this fact makes his recovery doubtful. He regained consciousness after reaching his home, but passed a restless night.

Mrs. McKay had one of the bones in her left forearm turned loose from the wrist, and it is feared that she suffered some internal injuries. While the full extent of the internal injuries cannot be ascertained at this time, it is believed that she will recover.

Mr. McKay is one of the pioneers of Utah and is a brother-in-law of David McKay.

Dr. Paul Ingebretsen, one of the physicians who attended the injured couple last night, stated this afternoon that for a man of his years Mr. McKay was in remarkably fine physical condition, and because of this the doctor believes that there is a possibility of his recovery.

RAILROAD IS SUED FOR \$25,000

P. C. Kyne, guardian ad litem of the person and estate of Nora A. Kyne, commenced suit today in the civil division of the district court against the Southern Pacific railway company and L. S. Jensen, trainmaster for the defendant company, to recover \$25,000 alleged to be due as personal damages because of certain injuries sustained by the minor child.

The complaint alleges that at Lakeside, April 5, 1910, Nora Kyne, the 11-year-old child of Mr. Kyne, while carrying water from a certain water tank to the house in which the Kyne family was living, was run down by a railroad train, struck by the engine and dragged for about thirty feet by the cars, crushing her right foot and leg so badly that the foot had to be amputated.

The combined interests have surrounded this state and fought every independent endeavor to enter the interior," he declared. "It was only recently that a road was projected and partly built into central Oregon and the so-called Hill interests have since begun an invasion of the state but not with the consent of these non-competing roads that surround the state like a fence.

"Does any sane man believe that this great state would remain undeveloped, as it is, with thousands of American farmers going annually to Canada for land, if there was not a vital reason. The reason is that the Union Pacific and the Southern Pacific, working together, have ordained that Oregon shall not be developed until they are ready—their will keep their hold on the transportation monopoly until they are forced to relinquish it.

"It is one of the shames of this situation that the legislature in Oregon has been forced to enact a law authorizing the state to build and maintain a railroad of its own."

Walter Gardner was arraigned on a charge of vagrancy and pleaded not guilty. His case was continued and he was placed under a bond of \$100. Walter is suspected of a more serious offense than vagrancy and he will be held pending police investigation.

A Japanese by the name of Frank Kagwa was arraigned on a charge of

vagrancy but his inability to speak English made it impossible to proceed with his trial and he will be given a hearing tomorrow morning.

PROBATE MATTERS

A decree of final settlement and distribution has been issued in the matter of the estate of Charles L. Buschman, deceased.

In the estate of Mary A. McCullough, deceased, an order for sale of real estate has been made by the district court.

A decree providing for distribution and partition of property in the matter of the estate of William McGregor has been issued by Judge Howell.

St. Paul, Oct. 11.—Attorney C. A. Severance concluded his argument today in the case before United States Circuit court, in which the government is seeking to dissolve the merger of the Union and Southern Pacific railroads and their allied lines.

Mr. Severance's efforts were directed to prove by the evidence that an actual open competition existed between the Union Pacific and Southern Pacific prior to the consolidation and while the service had deteriorated.

Showing by the record and the testimony of numerous witnesses, that the Union Pacific interests control the transportation facilities of all the states through which it and its allied lines pass, Mr. Severance pointed to Oregon as the one state thus controlled.

BOY HIT BY AUTO.

Salt Lake, Oct. 11.—Bernard Sanway, the boy who was struck by the automobile owned and driven by Walter A. Cooke, on East South Temple street, Sunday afternoon, and who was at first thought to have been slightly hurt, was removed to the Judge Mercy hospital Monday night in a serious condition. During the day the boy lapsed into unconsciousness, and he was in such a serious condition at the hospital that he could not be operated on.

At the time of the accident Mr. Cooke was running the car at a moderate rate of speed. Young Sanway was near the curb. As the automobile approached, he ran in front of the car and was knocked to the pavement. Mr. Cooke, who was driving, tried to avoid hitting the lad, and in doing so nearly crashed into a street car. He picked up the lad and hurried to the emergency hospital.

MISS LENEVE AS AN ACCESSORY

London, Oct. 11.—It is probable that the trial of Dr. Hawley H. Crippen and Ethel Claire Leneve for the murder of the former's wife, Belle Crippen, will open on Monday.

In presenting the case to the jury today, the recorder said he considered it doubtful that Miss Leneve knew at the time that a murder had been committed, but recommended that a true bill, hearing her with being an accessory after the fact be brought against her.

One of Crippen's lawyers is Alfred Tobin, Unionist member of parliament.

Frederick Edwin Smith, a leading Conservative member of parliament for Walston division of Liverpool, will assist in the defense of Miss Leneve.

The body of Belle Crippen was buried today at Fitchley by the Music Hall Ladies' Guild. On the lid of the casket, a plate bore the simple inscription: "Cora Crippen. Died 1910. Aged 34 years."

WILL MAKE DAIRY EXHIBIT.

Salt Lake, Oct. 11.—City Food Commissioner Walter J. Frazier will leave for the National dairy show at Chicago Friday morning with samples of milk, cream and butter from eight Utah dairies and creameries for exhibition at this show.

This was practically determined at a meeting of dairy and creamery men with Commissioner Frazier Monday afternoon following a conference between Mr. Frazier and Mayor Brandford, in which the mayor approved of Mr. Frazier's going, the expense to be cared for out of the appropriations to the food commissioner's department. The cost to the city will be light.

Witnesses of the accident caught sight of the figures 71 on the car, but are of the belief that some other number preceded those figures. The police are looking for the autoists.

Dr. H. B. Sprague attended Johnson at the emergency hospital.

JUSTICE HUGHES TAKES OFFICE

WASHINGTON, Oct. 10.—The 1910-1911 session of the supreme court of the United States opened today with the administration of oath of office as associate justice to Charles E. Hughes of New York.

The court then adjourned until tomorrow out of respect to the memory of Chief Justice Fuller. The court was in session only eight minutes.

Mr. Hughes followed Justice Harlan, Justices White, McKenna, Holmes, Day and Lurton as they entered the court room. Behind him came Justice Brown, now retired.

Presiding Justice Harlan announced as soon as the court had taken its place that the president had appointed Mr. Hughes to the bench, that the senate had followed the nomination, and that Mr. Hughes was present. He directed Clerk McKenny, by whom Mr. Hughes was seated, to read the latter's commission.

"The court extends a cordial welcome," said Justice Harlan as the clerk finished reading.

He then directed the new member to take the oath of office, the oath of allegiance already having been administered in the robing room a few minutes before.

Mr. Hughes read the oath in impressive manner and at its conclusion repeated after the clerk the words "so help me God," and Marshal Wright escorted the new member to his seat.

These formalities over, Justice Harlan announced the death of the chief justice.

"Since its last session this court has sustained a very great loss," he said.

"The earthly career of the chief justice has been closed by death. This sad event occurred on the fourth day of July of the present year, at his

This Home-Made Cough Syrup will Surprise You

Stops Even Whooping Cough Quickly. A Family Supply at Small Cost.

Here is a home-made remedy that takes hold of a cough instantly and will usually cure the most stubborn case in 24 hours. This recipe makes a pint—enough for a whole family. You couldn't buy as much or as good ready-made cough syrup for \$2.50.

Mix one pint of granulated sugar with ½ pint of warm water, and stir 2 minutes. Put 2½ ounces of Pinex (fifty cents' worth) in a pint bottle, and add the Sugar Syrup. This keeps perfectly and has a pleasant taste—children like it. Braces up the appetite and is slightly laxative, which helps end a cough.

You probably know the medical value of pine in treating asthma, bronchitis, and other throat troubles, sore lungs, etc. There is nothing better. Pinex is the most valuable concentrated compound of Norway white pine extract, rich in gualic acid and all the natural healing pine elements. Other preparations will not work in this formula.

The prompt results from this inexpensive remedy have made friends for it in thousands of homes in the United States and Canada, which explains why the plan has been imitated often, but never successfully.

A guarantee of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.
